“ I cant say more than whats already been said; Shawn was a lovely person who i met 15 years ago. In the clinic right behind Riley park. She was a good acquaintance, my nurse and co-worker for a time. One thing that really resonated with me was the deep love Shawn had for her children. She was so proud of them and loved them deeply. My heartfelt condolences for the kids loss. She will be watching and guiding you, of that you can be certain.

“ I remember working with Alan, a modest employer at Monashee Spring Water in Calgary eleven years ago. Sad to lose him this way, he will be sorely missed.

“ I would like to take this opportunity to address the families and children of Allan and Shawn, and express my deepest condolences in your/our loss. I met Allan nearly 30 years ago (we worked at Pizza Hut together) we were very good friends, had many camping trips, road trips and Monday night football get togethers, Super Bowls parties etc. What I feel is that you should "always" know and carry with you is the love and respect that they both had for all of you, as I have witnessed it first hand. You will always carry the best qualities of them both. Love. Family. Compassion. Honesty. Integrity. Friendship. Strength and Determination. Please always shine, and express those qualities throughout your lives, as I know you will. My heart and prayers are with you always.

Sincerely,
Randy Bowie

“ I knew your Mom many years ago. She always brightened the room when she entered. She was much loved. Please accept my deepest condolences. You are in our thoughts, and have long been in our prayers. We have shed many tears over these sad moments that have broken your hearts. With sincere sadness, June Duthie and family.

“ Our sincerest condolences for your terrible loss. Al was the best soccer coach our daughter ever had, the most fun times for her and her teammates were with Al at the helm in community soccer. We didn't know Shawn as well but we always heard she was a pillar in our community as Al was. Brentwood felt a loss just from them moving away a few years back. Please know that your parents have given so so much to the communities they lived in and/or volunteered in, endless numbers of kids had positive experiences that will be remembered for a lifetime. You may never even know how far and wide their amazing spirit reached, they touched many hearts and lives! They will never be forgotten. Tarraran Family, Brentwood.

“ To the family: I wish I could reach out to you and hug you all but i only know you to see you and say hi, you aren't in my contacts. Oh yes...I do know you from the countless stories your Mom would tell me. I have truly never known two people as dedicated as your parents to all your trials and tribulations. They sure loved you!!

When your parents moved into the new house we were celebrating at their housewarming, things were getting a little loud. Your Mom asked someone to close the blinds so the neighbors couldn't hear us. It was a constant saying after that. I regret not knowing your Dad as well but your Mom was one of my best friends. We shared many late night texts and long phone calls. My heart is broken and I feel a hole in it from this tragedy. In the days to come if you ever need a late night call or text please look me up. Love Laurelei (Laurie) Braun.
