“ Jason, Jamie - I'm speechless about your Mom's passing. I feel your loss though we haven't kept in touch for some years she was a good friend during work and outside of work. I have wonderful memories playing baseball, horse shoes (we were the champs at work), pool with Aneas (could never beat her at pool). She was a mentor to me during our years together, gave me good advice. She was very special to me, take care and know that my thoughts are with the both of you and your families. Love Cathy.

“ So sorry to hear about Aneas's passing. She was such a special part of our family. Her kindness to us through the years meant so much. We always enjoyed going to her place and playing crib with her and Jimmy. How they would both make me smile. She would often call me to see how everyone was and she kept in such good contact with my mom. With all their own health issues; they always cared so much about others. I'll never forget how she brought down their accessible van when my mom passed away and dad was in a wheelchair and she wanted to make it easier for him. So very kind. May your sweet memories of your mom bring you comfort. Love Amy

“ Dear friend - we go back a long time. From our days at the vocational school taking our business course to many nights spent in Craigmore, at square dances and our weekend trips to Halifax. We always managed to keep in touch until your move to Alberta. I will always remember our times together and our conversation and your wonderful smile. Always remembered, forever loved. Rest In Peace with all your loved ones. Wendy. Billard) Venedam
