

Mr. Donald Thomas Tiller

January 11, 1947 - July 9, 2015

It is with deep and heavy sadness that we announce the death of Don Tiller. Don passed away unexpectedly, but peacefully at home on July 9, 2015 at the age of 68 years.

Don was born in Clinton, Ontario and moved many times with his parents, as his father was a member of the Canadian Armed Forces (RCAF). Don attended University in Vancouver and joined the Armed Forces in 1970. Although his domicile changed many times as a member of the Canadian Armed Forces, he considered High River, Alberta his home.

Don is survived by his daughters Tara (John), Kelly (Jeff) and Jennifer (Dwayne); grandsons Max, Renn and Kai. Don was predeceased by his wife Bridgette Sulley, and his parents Bill and Laverna Tiller.

As many of his friends and family can attest, Don had a passion for many activities; some of his favourites were golf, bridge and wine making. He will be remembered as a respected, loyal and valued friend who was always willing to help. His welcoming, sarcastic, honest, firm (but fair) presence will be missed deeply by all who were lucky enough to know him.

As per Don's request there will be no funeral. A Celebration of Life will be held at a later time.

To send condolences and view Don's Tribute Page please visit, <http://www.lylereeves.com>. Caring for the family is Lyle Reeves Funerals of High River (403.652.4242).

“ It is with great sadness that I heard of Don's passing. He was a very compassionate leader and I remember fondly his exasperation at the antics and limitations of his 2 Svc Bn Maint Coy "subbies". We were made welcome in his home and knew he was always looking out for us.

“ My sincerest condolences on this early and tragic loss of such a fine officer, soldier and member of the RCEME family. Don Tiller is the reason so many of us are where we are today due to his leadership, mentorship and the fine example he set of "duty first." My Phase 2 introduction to "LORE" was at the hands of Don, amongst others, and I can say along with the rest of the course he led from the front, made sure we could perform the duties required of us and meet the highest standards of the Corps/Branch. He gave us encouragement when required, a kick in the butt when that was needed and made us all who we are today. Later on as Officer Commanding Regimental Company he formed and moulded many future leaders of our Corps. Quite simply, he is a legend in the hearts and minds of those he served with and those he trained.

"At the going down of the sun and in the morning we will remember them."

“ Dear Tara, Kelly and Jennifer,
It was in 1965 that Don and I crossed paths. I thought I was on a date with my girlfriend, and so did Don! Long story. We became friends afterwards and played many Sunday morning football games, along with a steadfast group of buddies. Don was always good for a laugh. We are fortunate to have had a visit with Don and Bridgette in South California last march. Sorry Don never made it out to the coast this year.

“ Our condolences to Don's family. What more can be said? Don was a unique character and a good man. The comments on this site attest to a life well lived. I served with Don in 2 Svc Bn. He replaced me in Cypress in 1974. His CO had located the dune buggy we had built and ordered Don to get rid of it. He told me they sold it and used to proceeds for a nice party. Good on you Don. You are missed.

“ I was very saddened to hear about the loss of Don. He was a great friend, and I consider myself lucky to have served with him in the Army as well as in the Training System. Having Don as my roommate while attending Staff College was an unforgettable experience. With his assistance and encouragement I survived the year and the only downside was my having to regularly dig his cigar butts out of the potted plants in the apartment. It's unfair that such a fine person was taken so early.

“ It is with great sadness that we learn of Don's premature demise. I first met Don when we were students during "The Best Year of our Life" at Staff College in Toronto. Funny that a RCEME and an RC Sigs guy didn't meet long before! We developed an good friendship as we toured the US, Germany, and Northern Canada. We were posted together for a time in Calgary, which led to a few "wets" and fine discussions about the cruelty of our golf games. We have lost one of the best much too soon, and he will be sorely missed.

“ Don was that cranky major that we all feared when he was OC Regt Coy. Later we worked together when he was the DCO of 1 Svc Bn and I was the Ops O. During RV 92, I will never forget Don showing up in the Command Post around 2 AM with a pound of butter, cheese and a loaf of bread. He then proceeded to demonstrate how to make grilled cheese on a Yukon Stove! He also showed the Ops staff how to move the Bn on the back of his cigarette pack. Great life-lessons and great memories. Don will be missed. Dave Ross

“ Tara, Kelly and Jennifer,

On behalf of the Corps of RCEME, we would like to offer our sincere condolences for your loss. Your father was a valued member of the Corps who trained, mentored and influenced many officers and NCMs. He left a lasting impression on the Corps and will be sadly missed. Our thoughts are with you during this difficult time.

“ My deep condolences to Don's family.

I spent a large part of my career interacting with Don, first as a student in Borden and later on several postings in Calgary with 1 Service Battalion. We need more people like Don in the world. No political correctness there, just plain honest truth. As a student I discovered that unique Tiller sarcastic humour where his bark was much worse than his bite.

Later in my career, Don made a real difference in my personal life, providing me a sounding board and giving me honest and unbiased feedback and friendship. I regret to have drifted apart from Don once we both left the military but I can still picture that special way that Don looked at you right before he pointed out your errors.

“ Don was my Company Commander, Maintenance Company, 2 Svc Bn back in 85-86 era. As a young Reservist augmenting the Bn prior to deployment to Norway he looked out for me, his encouragement and guidance kept my interest in the corps strong for many years to come. Well over 30 years later and I'm still going on strong in the Corps thanks to Don. All the best in what lies beyond. Arte et Marte. Charles Jansen

“ Tara, Kelly and Jennifer
As so many others I'm deeply saddened by your loss. I had the privelege of meeting your dad when he was a student at the school and served with him in 2 Service Battalion in Petawawa. As has already been said he was a loyal friend and coleague with a wicked sense of humour. When I would attempt to tell him his company wasn't doing something right, Don would say it was my fault because I'd passed him at the school. It always broke me up. A dear friend who will be missed

“ As with many others, I had the privilege of having had Don as an Instructor in Borden and later served with him in 1 Svc Bn, Calgary. He was the kind of RCEME officer we all should have strived to be like - honest, loyal, focused on solving problems not talking about them, always looking out for the troops, and saying what needed to be said, regardless of the audience. His word was his bond for sure. He worked hard and played hard, and was always great company to be in. Sadly missed as RCEME has lost one of its best. Condolences to his family, he will be missed.

“ Don was one of those iconic guys that you could never forget. When I was a young LORE officer, Don was an instructor who we all knew we could not fool. I remember getting to wear the broken wrench as a result of mistakenly wearing Don's beret out of our field mess hall. The irony is I am not sure I could have picked a dirtier beret! As I continued to work with Don over the years, I loved his candour, his love in making us all better, and his sense of humour. To Don's family, thanks for sharing him with us....we treasured him and will treasure his memories. Our thoughts and prayers go with you.

“ Although I never worked directly with Don, I had the pleasure of having him as an instructor during my LORE phase training at Borden. He left an indelible impression on me and many of my friends. A colourful, down-to-earth individual, he often took the edge off the difficulties of our intense training with his wit, keen sense of humour, and good common sense. He will be missed by all who he touched in life. Sincerest condolences to all family members.

“ Indeed Don Tiller was a man painted with broad strokes on the greater tapestry of life. I had significant interaction with him at Borden, where he was OC Regimental Company. He was well known for his love over early morning golfing and scaring all the wildlife with his Lada.

In Ottawa many years later, he decided to take a crusty 17 years in rank Capt instead of any available Major to fill a Major's spot on his staff (doing Maintenance Policy and General Safety). He had a plan, and that paid good dividends when I was promoted two years later. Even as a staff officer, he cast a shadow larger than life, and I fondly remember him regularly showing up late for work at DLM in Louis St Laurent building, proclaiming that his alarm had not gone off! Who would dare that now?

It was Don Tiller that hired yet another character to be the Army General Safety Officer (releasing me of that duty). Knobby Walsh was a challenging act to follow, but he in due time retired, to be replaced by my current boss. All in all, the making of individuals in the same sort of cast as Don seems to be a forgotten art. I am humbled to have lived and worked with Don and very much saddened by his passing,

“ Tara, Kelly, Jennifer:

We would like to pass on our condolences on the loss of your Dad. I knew Don for almost 45 years and had the opportunity to serve with him on a couple of occasions. Above all, he was an honest and loyal individual. In the end, you cannot ask for better qualities. He will be fondly remembered but also missed by many.

“ Tara, Kelly, and Jennifer

As many have said your Dad was a loyal and excellent friend to many. I had the privilege of knowing your dad from the time he arrived at the school in Borden and we served together several times including in Petawawa.

He always had a sense of humor and no matter how I was feeling he could make me laugh. Once on exercise in the field one of Don's officers was performing poorly and I wanted to discipline him. Don told me I couldn't because it wasn't the officer's fault it was mine. I said how did he figure that? Don said I'd passed him in training at the school and that he had passed the person in question when Don was at the school. He therefore deduced that if I hadn't passed him, he wouldn't have been at the school to pass the young man that was doing poorly so therefore it was my fault. I just broke up and told Don and his young officer to get out of my sight, and commenced to fall down laughing. A true character that is sorely missed.

“ To Kelly, Tara and Jennifer, their families and Bridgette's family members! People say it all the time, but Don was one in a million. He taught me my Phase IV in 1976, and then was the training Officer of Lore Officer Training company when I came back as a junior instructor. He kicked butt and took names. He was excellent! Later we served as Captains, Majors and LCol's together. He was a coach, mentor, teacher, role model but most of all a great friend. A year together in staff college was a highlight, as were our countless Bonspeils, Golf Tournaments, wing eating sessions/competitions, and quiet beers together. To his daughters, know that we will all miss your dad in so many ways, but he will be part of us all for as long as we live.

“ This announcement is a real shocker to me. I first met Don at RCAF Station Trenton in 1970 and yes Don and I were in the Airforce! Don was posted there on contact training and I was assigned by Jerry Salois to take him under my wing. However we all quickly learned that Don didn't need any wing keeping! He was very well liked by everyone in that shop and we remained very good friends and colleagues throughout the years. Great memories Don Old Friend, rest in peace.

“ Very sad to hear of Don’s passing. Served with Don at LORE company in Borden in 1976-78. Don was a true gentleman and was very popular with the students. My most vivid memory of Don was the day he saved Clint Nolan from a dropped grenade at the grenade ranges. Clint’s live grenade hit the top of the throwing bay and fell back between him and Don. Without hesitation, Don picked Clint up and carried him behind the wall in the next bay and sat on him. The grenade went off harmlessly in the empty throwing bay. We all praised Don for his quick reaction, but he just laughed it saying, “Hey, we trained for that!” That’s the kind of guy Don was. He was a true hero.

“ Don, I shall forever fondly recall our close friendship which started in 1975 while both serving together with 8th CH in Petawawa. Certainly, a QM has no greater friend than a hard working and loyal BLUEBELL who practiced nothing but that "to get the dam thing fixed" was the single mission and this mission aim had to be maintained. Being slightly younger and also being too concerned with time on task, you imparted many of your Dads (CWO / RSM RCEME) skills like golfing, curling, playing poker, making wine & pizza and above all maintenance of morale by being loyal mess supporters. I will forever cherish the day you "threw your old clubs which you had generously loaned me, into the bushes and said "until you know how to hold these, you do not need them". Adding, "pretend you are holding a little canary, and if it chirps you are hurting it, and that means you are holding it too tightly". Thanks for retrieving them and I try to maintain this aim every game....but understand it's not easy and you were not the RSM.

And we did staff school together where it was my distinct pleasure to introduce you to our large loving Family in becoming my brother in law. We were all, especially our Mother, very, very fond of you and we maintain this respect especially for maintaining the aim of keeping the girls together as a Family. It sure was a whirlwind in keeping up with you and Marg and the Family with six postings: Petawawa, Borden, Calgary, St. Hubert, Petawawa again and Calgary again from 76 - 91.

It is certain your own fiercely proud & loyal parents have prepared a throne from which you can continue to watch over you legacy, the Family.

Madonna & I, as well as our very large Leonard Family wish that your soul merit all of Heaven's abundance which the good Lord has promised.

Sincerely,

“ I first met Don in High River, when Maggie and myself decided to return to curling after a 25 year absence. Without fail he came to the curling rink with his Dad for the seniors league and despite his Dad's failing eyesight Don made sure that he was totally involved and enjoying himself. Don went out of his way to get Maggie and myself up to speed with our curling and his personal coaching will never be forgotten. As the years went by I got to know Don better through golf. We shared the experience of having grown up as Air Force brats. I almost fell over when watching him getting ready to drive the golf ball at the first tee he muttered " Don't Screw this Up Numnuts" I had not heard the word used since I was a kid growing up in Ottawa, and silently still used the word for myself.. As mentioned by many of Don's long time friends, he was loyal and not only wanted you to do well, but went out of his way to let you know he was pulling for you.to make that next shot on the golf course after a flub. We shared many stories; Don of his career in the Millitary and myself in the RCMP. We found that we had mutual friends as we had both made our way in transfers throughout Canada. and we took comfort in believing that both our families had not only done well despite our many transfers, but had grown much more worldly because of them. You will be sorely missed in our SNIPS golf group and perhaps now you will get the extra strokes that you felt you were entitled to with your new golf group.

Rest in Peace Don.

“ Our deepest heartfelt condolences to Don Tiller's family. He will be sorely missed but certainly not forgotten. He certainly could bring a smile to your face.

“ My condolences to all the family and friends of Don.
I first met him when he was my boss as OC Regimental Company. Definitely a special character but also a great boss with a very "unique" character. The generations of officers that graduated under his watch, may have had the stamp of approval of the individual instructors, but the grass roots guidance and support was clearly his. Scary thought having a bunch of little "donnies" running around out there. We worked hard and played hard, even if golfing hard meant teeing off at 0500am to get 9 holes in before work. Don has a bit of a scruffy exterior, but when you got to know him, he was a great person to know. The world will miss him

“ Yes, this is a very late comment. With my daughter since couple of days attending Waterloo University in Toronto, I recalled Don Tiller from the days we both served in SFOR in Croatia. I was very saddened to learn from the internet that Don passed away in last July. I cherish the good moments the both of us had in Zagreb/Croatia. He was a great colleague and a wonderful personality.

“ I served with Major Don Tiller as the Chief Clerk in 2 Svc Bn Petawawa from 85 to 87. I was commissioned from WO to PAdm Officer with his great assistance. He was a boss, friend, mentor and just one heck of a nice and genuine all around person. I have an Air Force flag Don had framed and gave to me on departure from 2 Svc Bn Maint Coy. The flag has always had a prominent place on my walls, either at work or presently in my home. I thought of Don on reaching 30 years of having the flag and wanted to talk to him to say thanks. Thus I just learned of Don's passing. I always strived to be the best, because that is what he taught me in those 2 years we worked together. I also used many of his qualities through out my 35 year career and in reading the previous comments, he was consistent in all his ways. May God bless you Don and if this gets read a call to 902-883-0130 or e mail to haroldmacneil@hotmail.com and I will forward a picture of the flag for any family who may want to have one. Thank you for I am a much better person today because of Don.

“ I am so saddened to hear Don has passed. He was a good friend while we were at UBC in the late sixties. I remember his enthusiasm for life, kindness, great sense of humour. We had many fun times together.
