“ Dear Walsh family.
I'm extremely saddened by your loss , when I first met Maurice I remember walk all the way from the beginning of tongue creek road in the winter of 1995 coming to meet mike and the Walsh family and becoming great friends with mike , By playing hockey and working for Maurice on the farm.

Picking rocks or rounding up the cows (or getting run over by them) with mike and

Maurice. Often Mike and I would be talking too much and not working enough. I remember a few times Maurice saying enough talking let's get to work Charles. The world is a lesser place now that he is gone!

I will always remember him as a sharpwitted no BS and a hard worker. But when it came to joking around and having some drinks it would be nothing for him to share a few stories and tell a few jokes and showing that great smile. I looked up to Maurice more than he will ever know, I'm even more grateful that I had the chance to know and him allow to call him and the Walsh family... friends !.

“ Our condolences go out to you Gloria, your immediate family and the extended Walsh Clan, especially my friend Frank from a dear friend on the east coast, who lives in Antigonish, N.S., a place Maurice and Frank visited a number of times over the years. We met at NS Technical College in 1976 on our way to earning engineering degrees and I don't remember the exact time we met but there was something about us being from small towns that drew us together. With my Antigonish friends in civil engineering which was Maurice's discipline, add in Frank in Mechanical and we were a close knit group. Maurice was always very witty and quite philosophical about things. He always wanted to dig deeper into subjects. He probably would have made a good politician. I can remember that Maurice was always interested in who we were and how our lives were going. Obviously that caring characteristic stayed with him throughout his whole life. When I read the tributes I get that feeling. Even when I last talked to Maurice in January when he knew his time was getting short he still asked about our family. We didn't get to see Maurice as often as we would have liked but still consider him and Frank dear friends. I'm sorry we can't be with you in this time but have thought about and prayed for you and your family over the last couple of months and hope that Maurice's passing was peaceful. I know he will be watching over you. A person doesn't have that many true friends in life and I consider Maurice to be one of them. I will miss you Maurice until we meet again. Take care and love to all.

“ Maurice and Gloria we our neighbours on Tongue Creek Road. Our children Michael and Charles became best friends and played hockey together through to peewee league. Maurice was always there to lend a hand getting the boys back and forth. We have very fond memories of our times together with Maurice and Gloria and family in their beautiful home. Thinking of you all during this difficult time.

“ Maurice & Gloria became our neighbours in 1995. Our first memory of Maurice was when he was working up north and Gloria was home chasing their cows that had broken out in a snowstorm. Maurice joked that was how they got to know all the neighbours! Maurice was the kind of person that made sure he knew everyone up and down the Tongue Creek valley and he loved to stop in for a coffee or a drink, depending on the time of day. With his inquisitive nature he would often say "you mean to tell me....?" and you'd want to be sure you had your facts straight or he'd catch you on it. He was a man of principle and was to be admired for the way he did business. We'll miss Maurice's visits, his kindness and, of course, his sense of humour. Lloyd & Nancy MacKillop

“ To Leo, Frank, Gloria and the family,
I did not know Maurice other than through the hockey playing days in Pownal, but it is obvious he touched so many folks through his professional and personal interactions. The comments on this site supply ample evidence of that fact. May the God of grace and sustaining hope guard and guide his family, friends and associates in this time of grief.
RIP and may light perpetual shine brightly.

“ My sincere condolences to Gloria and family. Maurice was one of a kind. I met him at St Patricks Church in Calgary. We picked up a friendship right from the get go. Shared a pint or two. It was like I had known him all my life. Many laughs and stories. We did some volunteer work together with the Knights of Columbus. A very compassionate individual. We lost touch when he moved to High River but picked up again at a curling bonspiel in High River a year or two ago. It was like old home week. We thought we had a pretty good team but Maurice's competitive nature won the day. After the game we got caught up. He was interested more in what I was doing then anything else. Just the kind of person he was. May you rest in peace my friend. Tom Kelly.

“ Maurice was a good friend, and a big loss to so many. Our condolences to all his family. I had the pleasure of playing hockey with him and the Islander 'Rum Runners' and socializing with him for post game analysis together with the other team members, plus other activities including golf . Lots of laughs ,and good times.

He was a very fair and giving person, very astute, and had a great sense of humour. He frequently had a unique way of looking at issues or problems, but which proved to be right.

He will be missed greatly and remembered often.
