“ Brian, Holly, lah, Tatyana, Wyatt and Cody. Your Mom was a reminder to all of us to keep family close in your heart even if the miles were many between us. Summers were always special growing up because that meant Nancy and her sisters were at the Pederson farm, and many wonderful memories were made growing up with them! In later years, Nancy made all the efforts to still spend time with us, and she was so incredibly proud of her little family (and to be a Grandma to lah!). Your family is a tribute to her legacy. May you all be comforted in the days to come with the love she had for all of you.

“ Nancy was such a quiet and loving person. She was a very private person but with Holly and lah showed up at several Pederson gatherings. It was always such a pleasant surprise to visit with her there. I know she will be missed deeply by you all. We would like to be there with you all but we did not know about it in time to attend. Our thoughts are with you all and will be in the days ahead!
