“ I was trying to find old teachers and friends from elementary, I have been looking for a few years, every since I came back to Canada. The first person I thought of was Mrs.Glasmen. I have so many stories with her at HWR. I'm so sorry to hear of your passing. Thank you for all your hard work and dedication to everyone you taught during your teaching years. You'll always be remembered.

“ Susan was one of a kind and a force to be reckoned with. She had prairie common sense and did not suffer fools gladly. Susan passionately taught elementary school for many years and her focus was always on the care and development of each child. If you asked her about issues in the school or school system you needed to be prepared for an honest opinion and evaluation, containing direct, descriptive language that left you certain where she stood on the subject. She was even more direct in discussions about politicians and their party's views. Sue had an ability to see through empty words and cut right to what really mattered. She was a great judge of character and an intelligent and loyal supporter of those with sincerity and integrity who offered fair and honest ideas. Sue especially loved spending time with her family and cooking or baking her many delicious recipes that she had gathered over the years. She was so proud to see the growth of each of her family and I know it brought her such joy to witness and celebrate each of their successes and accomplishments.

I counted Sue as a loyal, supportive and honest friend who gave great advice and really cared about everyone in her life. She is irreplaceable and God really did break the mold after he created Susan. I will miss her and my heart felt sympathy goes out to all her family. Jennifer and Schuyler, Ryan, Todd and Barb, Victoria, Leighton and all her caring siblings.
