“ I had the honour of working with Troy at ACH over the past 10 years. What a truly beautiful soul he was. Kind, always helpful and unassuming. Into report he'd come, backpack over his shoulder, TMNT t-shirt and orange hoodie on, ready to give his all. He always brightened my day. He was so proud to be an uncle and always eager to share pictures and progress reports. He loved his family, his dog and his chosen calling. He was so happy to have spent the Christmas season hanging out with his family. My deepest sympathy to Troy's family, friends and all who knew him. His passing leaves a big hole in so many hearts. I'll miss you so much, Troy.

“ As I sit here in Troy's fathers house, I can't seem to get over the story that Ken and Dawn told my wife and I ,about Troy at the age of 6 months. It was soon after Troy received his first heart pacemaker. They described him (in my words) as an "energizer bunny". The pacemaker made it possible for him to do physical things that up to that time he was incapable of doing . After reading the numerous "posts" on this website ,It seems that being an "energizer bunny" was one of Troy's everlasting attributes. God bless Troy. We will all miss him.

“ Troy was my roommate in Mexico along with Adan and others who we traveled with many times across borders in Canada and Mexico alike. We were the NAFTA brothers and always depending on each other for driving in our respected countries. Our friend Miriam in Mexico would like to thank him for all he did in Mexico. Adan and I will both miss him greatly as he was our third amigo who never could speak Spanish so we all spoke in English. Always full of coke, fun, and adventures he will forever be in our hearts. Prayers to the family and friends left behind. May we see each other once again one fine day in heaven. Until then rest in peace our friend.

“ My heartfelt condolences to those who were lucky enough to be blessed with Troy in their lives especially to his family and close friends. It was an honour and privledge to know and work with such wonderful, caring, selfless man for the past 10 years. I was one of the lucky ones to witness Troy blossom in the profession that he loved, doing what he loved in the place that he loved - caring for others. I will miss Troy immensely and will especially miss hearing about the unconditional love of his nephew . Life at ACH won't be the same without you...but you will be with me always.

“ On behalf of the Alberta Children's Hospital family, I am writing to express our heartfelt condolences to Troy's family and friends. There are so many wonderful stories of Troy's volunteering before becoming a RN, his excellence in patient and family centered care, his friendships and generosity with so many people here at the hospital. He was an important part of our team; we are all shocked and saddened by his sudden passing, and he will be sorely missed. We hope that all the terrific memories of him will bring comfort and peace in the days, months, and years ahead.

Sincerely, Margaret Fullerton, RN, Senior Operating Officer, Alberta Children's Hospital

“ I had the privilege of working with Troy on Unit 4. He was kind, compassionate and always ready to help the team! I remember how excited Troy was about his new nephew. He was proud and always eager to show off all his pictures. Little Andoni your uncle lived you so much. We will all miss him.

“ I had the privilege to work with Troy on night shifts when he first started his career on unit 4 and a couple years after. He was such a caring hard working individual. He was amazing with the children. He had an ease with the kids, and it was amazing to watch him communicate and care for them because it came naturally to him. He could coax a smile out of a child that was having a difficult day when really nobody else could. On our busy nights where we worked short staffed, I remember him volunteering to take on an extra assignment or check in with the other nurses even though he was very busy with his own. My thoughts are with all the family and friends of Troy.

“ I had the greatest privilege working along side Troy as a nurse on unit 4. Night shifts were my most treasured time spent with him. He was so easy to connect with and talk too. Going out of his way to make myself and others feel particularly special. Troy was so genuine and so kind.

Rest In Peace my friend. I will never forget you

“ When I think about Troy, the words kind, gentle, genuine care and compassion are the words that immediately come to mind. As his co worker, I am lucky to have watched Troy turn these words into action with children, families and all have us who are blessed for having known him. My favorite memory of Troy will be his face and the joy that was so evident when he talked about his little miracle nephew. . To Troy's family and friends, I wish you comfort and love

“ I have known Troy over the last 5 years working at the Children's hospital. He was so kind to me when I first started working there. He always made sure he did whatever he could to help not only his patients but his friends at work feel better or be happier. I remember once he brought extra cold medication from home for me because he knew I was working nights with him not feeling well. He once wrote us all a letter detailing our strengths as nurses and people in general and made us a key chain with letters that represent our qualities that he was fond of-he did this for no reason other than out of the kindness of his heart. He was always there to help, no matter what, he knew what you needed before you did. He was always a listening ear. He always brought a smile to my day, he once brought us all Tim Hortons on nights even when he wasn't working. I will always remember him when I see the Teenage Mutant Ninja Turtles. He will be so very missed and always remembered in my heart as my night shift buddy. Rest in peace Troy, I know you are still bringing sunshine to your friends and family.

“ I had the privilege of knowing Troy over the last 7 years while working together at ACH.

Not one person that I know that knew Troy had anything negative to say about him. He was the most selfless person that cared for everyone around him. He'd stay after his evening shifts just to chat with his "night crew".

We could talk about anything, whether it was sports (The Kobe vs LeBron debate) or have a heart to heart about nursing and building confidence and our 5 year plans.

He was so proud of his little nephew Andoni and had a phone full of pictures and videos to share of him. He loved so much and still had so much love to give. He was the happiest I had seen him a few weeks ago. My heart breaks for him and for his family.

Troy has taught me so much and I will keep that with me forever. Miss you and luv ya buddy. Night shifts won't be the same.

“ I had the pleasure of working with Troy at ACH. We worked many night shifts together, you always knew you would have a great night when he was there, always helpful, and he would run and buy us treats. One night he brought extra cold medication with him cause he knew I had not been feeling well. He was just thoughtful and a pleasure to be around. My heart is saddened for his family, my thoughts are with you.

“ We are all heart broken to hear of Troy's sudden passing and want the family to know that our family is here to support you in any way possible. Troy was a wonderful young man and he was so excited to be an Uncle for his precious little nephew, Andoni. He was a terrific nurse who was caring, attentive and always worked to meet the needs of one and all. He will be dearly and deeply missed and he will be in our memories forever.

“ I occasionally worked with Troy at the Children's hospital. He was so committed to being the best nurse possible - conscientious, caring, hard working and always helpful to his work mates. I remember how enthusiastically he shared photos of his nephew, and how happy he was to become an uncle. He will be missed. My deepest sympathies to his family and friends. I know he was well loved and cherished.
