

Mr. William "Bill" Gordon Young

July 5, 1953 - October 24, 2021

William Gordon Young, Jr. (Bill) of Cayley AB passed away peacefully October 24, 2021, at the High River Hospital at the age of 68.

Bill was born July 5, 1953, in Prince Albert SK to Gordon and Lillian Young. The family moved to Cayley in August 1962 where Bill lived the rest of his life. He attended Cayley School, High River High School (Senator Riley), Mount Royal College, and the University of Calgary. He returned to his roots and taught school at Senator Riley and later Highwood High School. Since education and children were so important to him, after he retired from teaching, he served four years as a school board trustee.

Bill met his future wife Karyle in 1980 and decided she was the one because she could make gravy out of anything. They married in 1983, and Bill became a husband and father by adopting Natasha and Amanda. The new YOUNG family lived on the same quarter section that Bill grew up on.

He was a lot of things to a lot of people; a son, a brother, an uncle, a husband, a father, a grandfather, a farmer, a coach, a mentor, a teacher, and a friend. His passion was teaching and coaching. He believed in children becoming all they could be. He coached football - his first love, not to be outdone by wrestling - his true love; and girls rugby - a surprise love.

He received numerous coaching awards including the Queens Medal in 1988 and the ASAA Coach of the Year Award in 2016 for his longstanding coaching career and his dedication to youth. As a farmer he took over the responsibilities of the family farm after his father passed away. Together Bill and his sister Sheila raised shorthorn cattle and made South Valley Stock Farm a well-known name in the cattle industry.

He is survived by his wife Karyle, daughters Natasha Habing (John McManus) and Amanda Young (Roger Middleton), grandchildren Austin, Keiran, and Jenna Habing, sisters Sheila and Almina and her family, his sister Dorothy's children, and a special cousin Dwight Young (Nancy) and their family, his in-laws Colin and Dana Valgardson, Chris and Lynn Valgardson, and Sandra Valgardson and their families.

He was predeceased by his parents Gordon and Lilian, brother Barry Gordon, two sisters Margaret and Dorothy, his parents-in-law Doug and Phyllis, and his “son”-in-law, Reid Habing.

A private family service will be held.

In lieu of flowers, please consider the High River Community Cancer Centre- a truly remarkable place.

In Bill’s honour, please hug your family and hold them close and try every day to make the world a better place by remembering all children matter all the time... they are our future.

Caring for the family is Lyle Reeves Funerals of High River (Craig Snodgrass) 403-652-4242.

“ It is hard to imagine FSD without Bill! He has been such a character in the lives of so many people. As a teacher, as a mentor, as a colleague and as a guiding hand as a Trustee . . . Bill made such an impact. So many wrestlers excelled due to his great coaching and if there was a situation that needed to be resolved, he tirelessly fought to make it right. Finally, his speeches were legendary. Whether it was in Social Studies on various topics or at a sports banquet, Bill always had the last word (or words). We will miss your laugh Bill, we will miss you!

“ I just wanted to let the family know that on Tuesday, Oct 26th, the defensive line players at Bert Church High School in Airdrie paid tribute to Coach Young by breaking their huddle with a chant of "WILD BILL" (one of his lesser known nicknames).

“ Dear Karyl, Natasha, Amanda, Shiela, Almina, families and friends,
It is so difficult to put into words the profound influence Bill had with our children growing up. Teaching teenagers is not an easy task sometimes but Bill had a knack with them and they responded so favourably to him. He truly was a gifted teacher and coach, which our family will ever be eternally grateful for. Bill made school fun for several generations of students. Our Community was so fortunate to have Bill Young touch so many people in so many positive ways. Please know that each and every one of you are in our thoughts and prayers during this difficult time for your family. Many kind regards,
Gerry, Glenda, Gerri Lynn, Greg and Grant

“ Mr. Bill Young and outside of school, Uncle Bill, was a kind and compassionate man. As a teacher, he mentored so many of us and had a killer Chretien imitation. When he saw that I needed a safe place to go so I could take a time out from those who sought to bully me every day and, when tough times hit, he was more than happy to tell me stories about history and life in his classroom after I had finished my lunch.

He was also a fine, encouraging coach. As a terrible wrestler, I found myself discouraged at times, but he was always there to push me forward, to teach me to keep my focus on the end goal, and to help me be the best me that I can be. Ultimately, he was always teaching.

We also had great times shooting trap at his farm. He was there when I was dubbed Annie Oakley. He was there when I shot my .22 X-bolt for the first time. He was there when I was learning my way around my Remington 870 shotgun, which I had to grow into a little bit.

But, he was there for other critical moments. He was there when I wanted to cry in school. He was there to negotiate a delicate issue involving a written threat. He was there when I laughed at his incredible stories or surprised him with knowledge of code names. He was there for students and athletes without fail; indeed, we loved and respected him for the time he spent caring about his students--when he was being silly, strict, or observant. I wish I could tell him his lessons have stuck with me throughout my life.

My parents, Mr. Bill Wymore and Mrs. Janet Wymore, enjoyed his company and thought of him highly as both a colleague and a man. On behalf of us all, our condolences to the entire Young family and extended family. He shall be missed.

With Love,
Jennifer E. Wymore

“ It was a great privilege to work with Mr. Bill Young at Highwood for many years leading up to his retirement. I was able to see how he invested 110% in his students both on the field and in the classroom. His approach to learning and athletics was very inspirational to everyone around him. I helped him as an assistant coach with a few teams over the years and during that time I saw how he approached his responsibilities to his athletes with a 24 hour a day, 7 days a week mentality. He tried his best to get to know the needs of each and every one of the students under his care and that effort and impact will continue a very long time into the future in the hearts of those Mustangs and in the families that they raise. He truly was a one-in-a-million colleague and I am very thankful to have had the opportunity to work with him. Once a Mustang, always a Mustang!

“ Karyle, Amanda, Natasha, I am so sorry for your loss. Bill's positive impact on kids in FSD is legendary. Some of my best conversations with Bill were recently when I was at Blackie School and he was the Trustee. He didn't wear a different hat, he was still in it for kids and wasn't afraid to say what he thought of things from ALberta Ed on down. Plus he listened to what you had to say. True to the end was Bill, one of a kind.

“ Karyle (AKA Mom), Natasha, Amanda and family

Coach will certainly be missed by myself and I am sure by his many past wrestlers. I had the fortune of being part of the Senator Riley team in the early 90's and many of the tough love lessons that he had for all of us wrestlers will be with me for the rest of my life. Bill made all of us feel that we were part of something bigger than a team, we were part of a FAMILY that was meant to stand up for all of our brothers on and off of the mat and certainly we looked out for our two sisters (Natasha and Amanda) He cared for all of us as if we were one of his own and wasn't afraid to give us a swift kick in the butt when we needed it followed up with a giant sized hug or slap on the shoulder.

Thank you Coach for all of the Lessons, the Love and the Laughs (Lord knows we had lots of those on the road trips) You will be missed! Rest in Peace.

“ Bill was passionate about everything! Whether it was football, rugby, wrestling, legal studies, social studies, cattle, horses, hunting or a good debate, you always knew where stood. I personally loved BS'ing with Bill after school ... about almost anything. Maybe my personal highlight was the time “The Social Boys” of Highwood travelled to Washington DC on conference. Bill made a difference to so many people our community ... you'll forever be missed, but NEVER forgotten.

“ Sincere condolences to Karyle and family. Bill was a true educator, mentor and coach. Working with Bill was always interesting. In staff meetings when Bill had the floor he always had a story to go along with the point he was making. Sometimes the stories were short but not often. As a staff we listened and knew there was a point to what Bill was saying and the point was always what was best for the kids. May your memories help you as you move forward and give you pause for a smile thinking of Bill.

There are just so many things to say about Bill and I would be here for days. All the memories from Senator Riley to Highwood and beyond. We had so many fun times filled with tons of laughter, Bill was an extraordinary person and changed the lives of so many students, he was so respected and loved as the Social Studies teacher, wrestling coach etc...always a long list to get in his class. Bill was a one of a kind and touched so many people with his kindness and loyalty to the community; Bill's passing is such a great loss to the world Our thoughts and prayers are with you at this difficult time....rest in peace BY!! .

“ Karyle, Natasha, Amanda & family,

We share in your sorrow at the loss of Bill. We hold many fond memories of heading down the road to the wrestling tournaments over the years. When needed, Bill was not afraid to show the kids 'tough love', but in the end, they always knew he cared and only wanted to bring the best out of them. They weren't just part of a team, they were family. Bill made the difference in many of his students lives. His was a life well lived. RIP Bill.

“ No one did more for amateur athletes than Bill (and Karyle) Young! No kid was ever left out of wrestling, football (and later rugby) due to finances. Bill and Karyle always found a way. The tens of thousands of miles they traveled up and down the highways in terrible weather, all to get kids to another tournament. The thousands of dollars out of their own pockets to buy a kid a meal on the road, the countless evenings and weekends dedicated to starting the High River Amateur Wrestling Association, again, all so kids could participate, truly selfless Bill was. I know Karyle is still with us (thankfully) but Bill didn't do all he did alone, it was a family effort!

Karyle, Tasha p, Amanda and families, I am so, so sorry for your loss, but I'm so grateful for all the years I got to be part of Bill's life. Much love to all of you!

He had a vibrant energy to him that could keep you focused during the entire class. He was a phenomenal and passionate football coach too and I deeply valued all the memories and good times I had on the football team. Mr. Young was such an amazing teacher and coach. “ Mr. Young was my teacher, my brother's coach and a lifetime family friend. He will truly be missed and my heart goes out to his family and friends.

Mr. Young was my brother, John Randle's, wrestling coach, I will always remember and cherish the many trips to wrestling tournaments in my parents, Fred and Pat Randle's, green Ford van traveling either to or from these events with me, my dad, my brother and the rest of the wrestling team and me being the only girl stuck amongst a van full of loudmouthed, stinky, sweaty teenaged boys. Either listening to them talk smack and/or about girls, cars, etc... Having the radio cranked, or an 8-track cassette tape playing, sometimes singing at the top of our lungs some 80's music. Lol.

He was my teacher in Personal Psychology class at Senator Riley, and I will never forget having to read a paper in front of the whole class, so first of all this paper was an assignment where Mr. Young had put us in groups of 3, but for a reason I can't remember, I wasn't at school for a couple of days and so the other two girls in my group, Nichole Williams and Deanna Light odyssey had written the paper, so since I hadn't helped on it, I was the one who had to read it in front of the class, needless to say I should have read it over before I read it to the class, I didn't, so huge embarrassment soon followed because there happened to be a word that was repeated often in this paper, the word was organism, but instead of saying "organism", I kept saying "orgasm". Well, you can guess how the other students in the class reacted to it, I kept reading even though I kept seeing people giggling and some outright laughing. Teenage humiliation ensued. Lol

As I said above, Mr. Young was a close family friend, so one evening, Mr. Young had stopped by for a visit with my parents, it just so happened that my best friend, Nichole Williams was have a sleepover, so we decided we were going to be the hostesses. We served a beautiful and scrumptious plate of my mom's homemade baked treats and made a pot of tea, I remember feeling very proud of ourselves, Mr. Young was eating some treat, and drinking his tea and then my mom sat down to join them, and shortly after my mom popped back up and came to the kitchen, where we were, tea pot in tote, and quietly informed us that they were drinking hot water and not tea, we had forgotten the tea bags. Lol. And Mr. Young hadn't said a word, obviously seeing had proud of ourselves we thought we were. Lol. Both of our faces were bright red. That's been a story Nichole and I have never forgotten and still laugh about.

Even though I'm an adult I've still never been able to call Mr. Young "Bill", even though he'd asked me to, I just think, to me, it was/is a sign of respect.

Mr. Young was a gem, very precious and special, I will truly miss him as I know so many others of us students will.

Thank you Mr. Young for all the great things you have done for so many of us.

“ I wired with B Y at Highwood and have so many positive memories. When I was at another school and he was a trustee he always made a point to stop by my classroom and give me a huge hug and tell the kids to listen to me because I was a good one.....always made my day and knew just what to say to build someone up. He will Be greatly missed. What a huge heart and personality to go with it.

“ My sincere condolences. Bill was a tremendous influence on me as a young man and I am very grateful for the work ethic he instilled in me. I remember his openness to take me onto his team as a newcomer to town with no experience. He taught me how to work hard and enjoy it along the way. The kids today will never know the joy of wrestling a bear or crashing helmets the way Billy could. He will be sadly missed.

“ BY was the reason I was able to succeed in life. He helped me get through highschool and actually graduate, which many people never thought would happen. Every lunch I was in his classroom doing class work and even just chatting about all my “teenager” problems which he would always tell me to get over it and take the bull by the horns. When I say he was a crucial part of helping me be a successful women in life I mean it and I couldn’t be more grateful for everything, every convo, every time he yelled at me on the soccer pitch, or even helping me score in football. I know that BY is looking down on all of us, probably yelling, but I’m glad he’s not in pain and Passed peacefully because that man deserved the world because he gave so much

His advice and life lessons will forever guide me and even years later when I came back to work with Mr Young at Highwood not only did he remember me and insisted that I call him Bill (which I never was able to do lol) but also continued to be inspiring as a colleague... “ B.Y. was one of the greatest impactors on my young life. Not only my social and law teacher, rugby and football coach, Mr. Young, taught me about defying the odds against you and to get back up when you fall (dislocate your knee on the rugby pitch). I have never seen someone so passionate about sports, storytelling, legal matters, cows, and getting off track in social class. Without him, I wouldn't know the importance of teamwork, a mental mind, and a strong body- nor will I be able to attend a buffet and not think about his plate of shrimp. I will dearly miss B.Y. and will fondly try to be the best me in remembrance of him.

Thank you for believing in all of the smart-mouthed teenagers that came across your path. Your dedication and devotion to the bettering of all will be a strong legacy.

“ Mr. Young was a very special person in my life and I always knew he had my back throughout my academic and athletic careers. I will always remember when put in all the work of hosting provincials at Highwood even though I was the only wrestler on the team at that point; that tournament built some of my most cherished memories and it never would have happened without Mr. Young. Really, my whole wrestling career wouldn't have happened if he had not tracked me down in the hallways when I showed up at Highwood to get out and wrestle, and I will always remember the effort and time he put into making me the best I could be on and off the mat. I'll miss catching up with him over lunches and chatting about wrestling, I think he'd be happy to know I remember how to do a Peterson roll (even though I never did when he shouted it from the corner). Mr. Young was a great mentor and friend to me and I'll really miss him.

“ Im so sadden to hear about B.Y.'s passing.. He was an amazing rugby coach and friend. He helped me with countless hard times in High School and was so much more then just a coach. He cared for everyone that had the pleasure of crossing paths with him and made sure to let everyone know how worthy they are. I'm so appreciative of his wise words that I've never forgotten to this day and his hilarious banter on and off the field. Ill always remember our little road trip to the hospital on one of our Victoria trips after I destroyed my ankle. He made a point to make it entertaining and stop at the prison so we could get a picture, stop for food and wait with me for hours in the waiting room. His thoughtfulness will never be forgotten. “ Karyle, Natasha, Amanda and your families, our deepest condolences to you all. Bill will forever be in our hearts and memories with the many, many hours we spent in the gym with the wrestling program. We first met Bill when he recruited our son Ben in Grade 8. Throughout Ben's high school career Bill was there encouraging him, always pushing him to be a little better, dig a little deeper. We have so many happy memories of working together on the wrestling committee board, putting on tournaments, hosting provincials. Bill touched so many lives throughout his teaching career. “ My deepest sympathy to Karyle, Tasha, Amanda and your families on the loss of Bill. I first met Bill as a teacher when I was in his grade 8 social class at Senator Riley. It was much later that I got to know Bill when my son was on the mustang football team at high wood high school, then later when my son and daughter joined the Mustang wrestling. My husband Greg and I became drivers and spent many hours travelling with Bill and the team to different tournaments. Win or loss Bill was always there to correct what you did wrong but also encouraged the children to not give up and move on. Bill you will be missed by many. Rip Bill.
