“ To the Jones and Holmes family, we are so very sad for you in the loss of Alli.
I knew Kris, from the first time I saw you with Alli, that you were an amazing Mom to her.
And Alli really hit the jackpot when she got to live with the Holmes family.
As I read all these posts from people that were associated with Alli, I am deeply touched and so thankful for Alli that she had teachers, aides, job coaches and administrators that loved her and cared for her and gave her a safe place to beAlli.
Alli touched our lives in a special way and we will always remember her with fondness.

“ Gord, Kris, Derek and Family. From the bottom of our Hearts we send our Solemn Condolences. It was always so heart warming to stumble across the path of Alli with either Gord or Kris riding on the Golf Cart at the Heritage Point Golf Course. Always seemed to bring The Sun out and turn the day into a most favorable and enjoyable experience. Alli was An Angel in all of the Hearts that had the opportunity to experience her on any occasion and will Be A tremendous Angel as she enters the Gates of Heaven. “ Our thoughts are with Kris, Gord, Derek, the family members and friends in respect to their memories about Allison. As former principal of Percy Pegler School I always recall the lyric in “Getting to Know You” which states that “if you become a teacher by your pupils you’ll be taught,” as most surely, Allison taught us a great deal. And this was accompanied by her wonderfully enchanting smile. Individuals and the community learned about unconditional respect and responsibility to one another as we dealt with Allison and her canine companion, Quality. I believe that each of us learned a great deal from our association with Allison --- a special angel.

“ Allison and I we friends. At family gatherings we would walk over to to watch the chickens and do quiet relaxing things. At one gathering I gave her a quick goodbye hug (she was not a hugger so it had to be quick) and said good bye. Several minutes later Gord and Chris were coming towards me and as I turned around, there was Allison sitting behind me. She was not ready to go home. Years ago we had a pin ball machine in our rumpass room and she would head right for the noise and the lights. We hope she is at peace. She also enjoyed the music played on our sterio and would head in that direction.

She has taught us so much and it has been incredible to watch her over the years overcome so many hurdles and to reach so many milestones. She was very fortunate to have two very loving families the Jones and Holmes' and my heart goes out to you all. Sending our love, Cathy & Tyler

“ It is with great sadness that it is time to say good bye to Alli. I had the privilege of working with her and getting to know her over the last 7 years, I can say my days with Alli were one of my favorites. She will be greatly missed. You are all in my thoughts and prayers and may your memories of Alli get you through this difficult time.
