

## Ms. Angela Mae Copper (Browne)

September 10, 1971 - January 29, 2024

Ms. Angela Copper of Calgary, Alberta passed away at the Foothills Medical Centre on January 29, 2024, at the age of 52 years old.

She is survived by her children: Justin Browne, Nattalie Copper, and Natascha Copper; her partner Cory Thompson; her siblings Michelle Ball and Trevor Browne (Rachel Starr); her parents Jack and Sharon Browne; as well as three grandchildren, and four nieces and nephews.

Angela was born on September 10, 1971, in High River, Alberta. She attended school in High River and continued her education at Mount Royal College to become a Registered Nurse. She worked for 10 years at the Foothills Medical Centre in the Cardiac Unit 91. She was known for her tireless and outstanding care for her patients as well as her commitment to working alongside all the nurses and doctors of her unit. Her positive approach and her overwhelming compassion for helping people will continue to live on in those who were lucky enough to know her. She will be dearly missed by all those whose life she touched at the hospital. She was selfless in her job, and in her passing by being an organ donor, providing hope for others in need.

Angela's focus was on her love for her children. She will be remembered as a down to earth, caring, strong, compassionate, and devoted mother who always enjoyed having fun and bringing a smile to those around her.

We would like to thank all the staff at the ICU unit at the Foothills Medical Centre for the wonderful care they provided during Angela's last days. We are so very grateful.

In lieu of flowers, donations may be made to the Calgary Health Foundation for the Foothills Medical Centre – [www.calgaryhealthfoundation.ca/foothills-medical-centre](http://www.calgaryhealthfoundation.ca/foothills-medical-centre).

A Come-and-Go Celebration of Angela's Life will be held on Saturday, February 10 from 2:00PM-4:00PM at Lyle Reeves Funerals Atrium in High River.

“ To the family of Angela, I am so sorry for your huge loss. I had the pleasure of working with Angela for 6 years on unit 91 at the FMC. Angela was such a unique, caring and hard working individual. It was always clear that everything Angela did was for her friends and family, especially her children. She had a fantastic sense of humor and she was so down to earth. There was always laughter when Angela was around. She was a compassionate and dedicated nurse who went above and beyond for her patients, connecting with them on a professional yet personal level. She will be so greatly missed within our hospital, she touched many staff and patients lives. We are all so proud of her for becoming an organ donor!
