“ We had the privilege of meeting the Ersson family when they moved on to our Calgary Silverdale Rd. stree. They were a welcome addition to our neighborhood and participated in the various events. When they moved to High River we attended many of the theatre productions and dinners that they were involved in. Our sincere condolences to BJ, Maria, Tomas and their families.

“ We remember Christina well when she and BJ lived on our street in Calgary. Always ready to pitch in for neighborhood parties and participating in anything happening. They were lots of fun . We remember her farm soup and crab pita pockets and of course the little Siljian cups that their factory made. A great addition to our street.

“ We are so grateful for the visit we had with Christina just before her passing. That laugh. That wit! I still feel the rawness of missing her. We have so many great memories of Christina. Putting up that May pole. It was so tall! Joining BJ and Christina for beer and breakfast at High River Brewing. Eating saffron buns and looking forward to the bun-making session using the "good stuff", Turkish saffron. Laughing until it hurt with the puppet Sister Mary Annette, who Christina made and kept repairing. Sharing a table at Carlson's or anywhere, really, sampling the beer selections. I can still picture Christina here at the farm, helping us celebrate the Alberta Century Farm & Ranch Award in 2003. There are so many great memories. BJ and family, you are being held in our hearts. xo

“ Christina, I will forever be grateful for your genuine nature and your generosity with your home and livestock, encouraging my photography and helping me "get the shots" I had in my mind. It was a pleasure to spend so much time with you visiting about bison and learning about your family. I will miss your friendship and seeing you at all the windmill productions.

Condolences to BJ and family.

On November 17th we lost one of the good ones. Christina was a beautiful lady, inside and out. Whenever she dropped by our place for a visit, it was always an interesting and positive experience. More often than not, it was the highlight of our day.

Our first meeting with Christina and BJ took place 17 years ago at a pub in Turner Valley. Rocky Barstad, Brenda and I went to see Mel Wilson. He was on stage, doing his thing. Mel was good, but the best part came when a couple of strangers (Christina & BJ) invited us to their table and a wonderful relationship was born. In 2013 it was the Ersson's who came to our rescue. We will always be grateful their help, but most of all for the friendship.

*Sincerely,
Don & Brenda Carlson*

Christina was one of the first people I met when we moved here. I was invited to join Xi Rho chapter; this is where we met. I haven't belonged to sorority for some time but whenever we run into each other we always stopped and shared a story or two; a wonderful caring person. My condolences to BJ and her family.

Christina was a confident, multi talented and exceptional lady. I was in Xi Rho Sorority with her where we all benefited from her intelligence, generosity, positivity and hospitality. One story she told me was when she was homesick for Sweden, she would go to IKEA and enjoy the familiar language and food. I will always think of her when I go there.

Peter and I send our thoughts and sympathies to BJ and family.
