Tribute Wall

“ *Knew Charlie in 1962 when we go to farm up above Bowness golf course. Drive old clunkers in the fields and party as only teen kids could. Met a person today here in Fort Erie that also knew him later in life. That's when decided to look him up . Rest in peace*

“ *Growing up in Calgary and Bowness with my cousin was always an adventure! My mom Mary and Charlie's dad Bob were the babies of the Shilmar family. Good times on their farm where C.O.P. stands today and at my folks place in Bridgeland. Never a dull moment and another escapade just around the corner!*

“ *My uncle always made me laugh. The way he drove his mom crazy by saying “mom, mother, oh mother, mommy, momma”. Kinda like Stuie on family guy. My sister and I laughed so hard.*

Even though I rarely saw you, you will be missed. With much love from Karen

I knew Charlie since 1963 when our family moved there. He was always funny and popular, bought and sold more vehicles than some used car lots. Never a dull moment when he was around!
