“ Colton I will miss you. I am privileged to have known you. Since the day that you were born I enjoyed your smiles and laughter. Your made up jokes didn't always make sense but that didn't mean that they weren't funny. In your teenage years I didn't see much of you because I moved away from High River. It definitely brightened my day when our paths did cross. I will miss you my friend

“ So many emotions and memories pour in as I think this guy! What a kid! I will always treasure the time together at Blackie School - Grade 6 rocked. I love teaching and Colton is a prime example of why. His sense of humor, his mischievous nature, his ability to care for others, his love of nature and animals, the twinkle in his eye when he "got it", his belief in others (never judging them), and his contagious quest for adventure are just a few of the characteristics that pop in my head when I hear his name. I will always remember the last time I saw him. I was at the four way stop and he literally stopped traffic to say hi as he jumped over the hood of a car and ran to my window. He told me things were rough, but he was going make it.... then flashed that Colton smile and waved goodbye. Rest in peace Colton.... I will remember you!

I was very sorry to learn about Colton. Sincere condolences to you and his family. Tyson had a difficult day as he mourned the loss of a favourite childhood friend. Sadly, we moved away and lost touch. But Colton is fondly remembered in our home. His smile and laughter was infectious. His silly antics are treasured by my son and I have never forgotten the joy of teaching him. He was a treasure. I'll never forget running into him after years had gone by. He had sheer joy on his face when he saw me and shared the news of his own children with me. May you find strength and courage and know he is remembered with great fondness. Our thoughts are with you.
