

Mr. Dale Larsen

May 13, 1958 - April 9, 2014

Mr. Dale Larsen of Okotoks, Alberta passed away at his home in Okotoks on April 9, 2014. At Dale's request no service will be held.

Tribute Wall

CP

“ We are so shocked and saddened to hear of Dale's passing. Although it has been 30 plus years since we saw Dale, he was always a dear friend who was kind and responsible even though the rest of us were young and foolish. I can still see him trying to follow a tipsy Dave and keep him from falling into the pit in the garage. We always looked forward to our annual Christmas card from Dale & Peggy and I guess we always hoped that someday we might get out west for a visit... Guess we left it too late.. Sincere condolences to Peggy and Sam.

“ Shirley Radley lit a candle in memory of Mr. Dale Larsen

Shirley Radley - May 06, 2014 at 08:55 PM

RM

“ Dale, I miss you already and you've just left. You had a very positive impact on my life and I'm grateful to have worked with you these past 10 years. Not many people leave a very big hole when they leave, but you left a HUGE hole. Things won't be the same without you there. My sincere condolences to your family.

YL

“ While we resided in High River proper, my wife and I were neighbours of the Larsen family. I also had the pleasure to know him on a professional basis since the Pembina days. Dale was a gentle, kind and knowledgeable man. May he rest in peace as he surely is with God now. Our condolences and sympathies to his family, friends and co-workers.

KT

“ I have spent the last 10 years working with Dale, his guidance and mentoring was exceptional. I have many fond memories of Dale, but the one thing that I will always remember was the mans unbelievable work ethic and dedication to the job, He will always have my respect. My condolences to his family and may he rest in peace.

“ I've had the pleasure and honour of working with Dale for many years. He was hard working, dedicated and one of the smartest men I knew. His life was tragically short and he will be sorely missed. May he rest in peace, for he was truly one of the "good guys"

“ I met Dale three years ago, best way I can describe Dale was that he is smart, patient and dedicated. As a new engineering professional in the oil and gas industry, not many senior operations professional will take the time and effort to explain a lot of the gas processing fundamental to me, he was an exception.

Not everyone was aware of this but Dale holds a class 2 steam ticket and had the option to go for his 1st. When ever I describe or use the term "jack of all trades" I think of Dale.
