“ So sorry to learn of Doug’s passing. We got to know Doug from volunteering with Hospice Miramichi and taking him to his many medical appointments and chemotherapy. Also through our Day Program with Hospice. He was such a fine and gentle man. Rest In Peace my friend. Sending our condolences to you Jeff and family.

Sorry for your passing on of your father, Jeff. He was blessed to have you as a son. You provided him with the support he needed during a difficult health situation. His presence at church made a difference to our little branch. Hugs and prayers to you during this stressful time.

“ Too many to mention. Many new ones during the two years we shared while he lived with me in my home in Alberta. He was happy and at peace. Dad and even Doctors told me that being here added years to his life and made all the difference in him staying cancer free. He loved seeing the mountains from my patio and visiting horses at a friends ranch nearby. I am good friends with Mark & Dina Sutherland. Mark Sutherland is a well known Chuckwagon driver and a fan favorite at the Calgary Stampede every year. I asked Mark if he'd allow me to bring Dad out which he gladly welcomed. Dad had a personal tour of his ranch and got up close and personal with many of his horses. A day Dad swore he'd never forget. Caring for Dad by myself was the hardest thing I've ever had to do and as he deteriorated it was difficult to watch. It was a privilege and an honor to serve you Dad and make the days you had left among the best and happiest ever. I'm so happy you went the way you wanted to go and I can just imagine the reunion with family and friends. So happy I was a part of your life, you're a great Father. If I can be half the man you are I will have done something good with my life. I'll make you proud in everything else I do until we meet again. I love you Dad xo.

Most of what I know about Doug is through his son Jeff. But if he was able to have such a loving, dedicated and caring son, then he deserves all my love and respect. The few times I was able to care for Doug, at the house or hospital, in order to help Jeff do other necessary things, only enhanced my admiration and respect for him and his son. I am very sorry to see him gone, but never sorry to know he's in God's arms, free from pain or sorrow. May the Lord bless and comfort Jeff's heart and give him strength to keep going, with faith in a prompt and joyful reencounter with his beloved father. With sympathy, Sirley Kulchetscki.
