

Mr. H. Wayne Dickie

March 26, 1943 - July 1, 2019

It is with profound sadness and heavy hearts we announce the passing of our beloved husband, father and papa, Wayne at the age of 76 years of High River, AB. Wayne was predeceased by his parents Tom and Dora, his in-laws John and Betty Yuras, and his nephew Jeremey Dickie.

Wayne is survived by his wife Brenda of 49 years; daughter Dana (Dave) Unruh of Smithers, BC and son Greg (Kelly) of Calgary, AB; his treasured grandchildren MacKinley, Logan & Dawson Unruh and Ella & Kai Dickie. Wayne is also survived by his brothers Ralph, Bruce (Carol), Harold (Donna) and sisters Marion (Eric) Loucks, Evelyn (Vince) Heaman, Maxine (Mel) Fisher, brother-in-law Farley (Lori) Yuras and many nieces and nephews.

Wayne was raised on the farm at Creelman, SK and attended the University of Saskatchewan in Saskatoon where he met and later married Brenda Yuras. Wayne's career as a chemical engineer provided him many opportunities to work all over the world. He worked in Canada, the USA and Jordan and had special assignments to Chile. Wayne took great pride in his work during his 40-year career. He was well respected by his peers and made a large circle of friends over the years. His work ethic, honesty and integrity will live on in his children and grandchildren.

One of Wayne's favourite past-times was gardening and yard work. He spent

numerous hours keeping all public areas free of debris. In retirement he loved spending time with his grandchildren and watching their activities.

A big thank you to the staff at South Health Campus in Calgary for their special care.

In lieu of flowers, donations may be made to the Alzheimer's Society, 800-7015 MacLeod Trail SW, Calgary AB, T2H 2K6.

Wayne's ashes will be scattered at the family farm in Saskatchewan at a later date. No formal service will be held.

“ *My sincere sympathies to Brenda and family.*

I had the privilege of getting to know and care for Wayne in his later years in life.

He was always so kind hearted, thoughtful and considerate. He always loved to pick up garbage and clean up around him. Cleanliness was very important to him. He loved to socialize and share his stories of working in the potash industry. Some of the things he would share, showed me that he had ben a very brilliant man in his field of work and he loved his working years as a chemical engineer! He admired his children and grandchildren and was proud of their accomplishments.

We shared many good laughs in the Adult Day Program with Wayne.

May the fond memories of your life together as a family bring you all much comfort at this time!

May God take care of him now! Sure do miss you Wayne!!

“ *Brenda and Family...Our most sincere condolences on the loss of Wayne. The memories I have of working with Wayne at PCS Lanigan would probably exceed any word limit on this site, but suffice it to say just thinking about him brings a smile to my face. Wayne was truly one of the most sincere, humble and brilliant people I've ever worked with. He was so passionate about his work, and always striving to find a better way to make potash. He kept this HR guy busy, too, since he so loved to clean up the mill and every once and awhile I'd have to gently remind him that "It's not your job, Wayne." Bringing laughter into the world is a wonderful gift, and Wayne (and certainly Brenda too!) brought much laughter into ours. I suspect the roadsides in heaven are just a bit tidier this week.*

*You are all in our thoughts and prayers,
Lee & Carolyn Knafelc*

“ *Over the last year I had the pleasure of spending time and laughter with Wayne. We worked in the yard and the garden, ran at the track and went out on adventures. On this particular day, we traveled to Carseland to walk along the Bow River and spot the birds which flittered all around us. As I continue to do the same things we did, you are close by.*
