“ So many great memories from both when I was a child and also as an adult. My wife and family also have such wonderful stories to tell of you. You'll be missed, uncle Ken. Have fun fishing and poking around like you always did.

“ Kenny was one of my favorite cousins. George and I couldn't wait to go to Uncle Tim & Aunt Lily's to see him when ever we got the chance, hoping the combine might break down, generating a trip to their farm. He introduced us to the wonders of Meccano Sets, 3 speed bikes, real humming birds, budgies / canaries / pigeons, binoculars, watching the eclipse using smoked glass, or using your imagination to make just about anything with scrap parts. (Just to mention a few). In the summer there was always a sip of cool lemonade and in the winter some hot chocolate as a treat. There was the smell of oil and the flash and sizzle of welding sparks like fireworks in the shop while something was repaired or created. It was always fun and like all the good things in life ... all over too soon!

Sadly missed by all and everyone who knew you Ken ...

I had a good visit with Ken a few years ago at The Forks. We hadn't seen each other for a few years and enjoyed a conversation at the fishing hole. It was very good to see Ken and my thoughts and prayers are with you during this sad time.

My love and sympathy to the family. I didn't know Ken extremely well but I did now that he was a very good man. I will miss seeing and talking to him at family dinners. Rest peacefully Ken.
