That his family and friends mattered to him a great deal. He was a loving man...who danced to the beat of his own drum. I know he will be greatly missed. Sorry about your loss. “ *We have been struggling and trying to grasp the sudden passing of Kirk. Our deepest, heartfelt sympathies go out to the entire family and to all those who knew him. We were lucky enough to have spent the last eight years installing flooring for Kirk. Throughout those years we got to know him fairly well and would arrive extra early in the mornings so we could all bs and hopefully solve all the worlds problems. At times, things could get pretty emotional - but - always lots of animation and lots of laughs! The very last conversation Kirk and I had was in regards to his hip & how much better he said it seemed to be getting. I said to him "So this year does that mean you're going to help me drag my deer out this fall"? He responded "you betcha little buddy". That was the first time he had answered yes to that question as I'd asked it many times throughout the years and it was always a No Go! If I am lucky enough this fall to harvest one, I know he will be there right beside me in spirit helping me & cheering me on to get it out safely. You were loved by so many and we are honored to have had the privilege of knowing and working for you. You will be dearly missed my friend but you will never be forgotten.....Your little buddy Sue & Randy - the big guy.....*

We had a lot of fun as kids growing up across the street from each other in Blackie, going to school, the Cabarets and hockey times at the rink. “ Shelley, Whitney, Kylie, Doug, Kathy, Kendal, Cory and families. There are no words.....except sorry for your loss. Kirk has been along time friend for both Richard and I, we will always cherish the laughter and friendship we shared. Our world was a better place with Kirk in it, we will miss him, as many will. Always know if needed we are shoulders to lean on. ❤️
