“ Just a lovely lady!! May she forever have a steady stream of AVON. Never a mean word, always love to share with a heartfelt smile. She meant a lot to me in her time at the Manor. She had a piece of my heart. Hugs to you both Linda and Brigette

I knew Moneca when I lived in Calgary, we go back a long way, she was a psychic and quite good at it too, she had a long following of friends and like them I wanted my cards read too, she will be missed, I had been thinking about her a little too much and found her phone number and just had to call her, the rest is surprising and it led me to this! keep in touch Moneca you know how to do it, like this, just talk..... You were a great power.

My Beautiful "M'tante" (my aunt in French) as we called you. I am reading a letter dated 2016 from you and am missing you and your sparkle. I felt your energy when I adopted our new Siamese "Alyshia" who I call 'baby girl' as you used to refer to your fluffy kitty. It was an honor to go to Science of Mind classes with you in Red Deer Alberta. Joe and I miss you. I am sending you love vibes. I know you are soaring freely and happily with all the angels.
