“ Dear Sharon; Scott and Family;
I was sorry to hear of your Mom's passing and wish to express my sympathy to you. I will always remember your Mom for her quiet ways, her giggle and winning smile, and her dedication to her job. She was the Public Health Nurse/School Nurse for many of my teaching years, and was a wonderful person with whom to work. I also enjoyed the 1980's and 1990's in sorority with her. She was very proud of both of you, and you enriched her life. May the sorrow you now endure be soon replaced with wonderful and warm memories of happy times enjoyed together.
Sincerely,
Patty Atkinson

“ My deepest condolences Sharon and Scott on the loss of your Mom. Your Mom was a very kind gentle lady who had so much knowledge to share. I was a first time Mother bringing my son into the health care unit (many years ago) she had words of advice and encouragement that will always stick with me. May all the great memories you threw this time of sorrow, and when the clouds part for the sun to shine may you be filled with all the great blessings she had shared with each of you.

“ *Madeline hired me into my dream job as a Public Health Nurse in the small rural community of Black Diamond /Turner Valley. Her matter of fact approach to how she lead her team was and is inspirational to me today. Madeline and a wonderful sense of humour and you could always share a giggle. One day Madeline shared that to her horror she had got a speeding ticket going from one office to the next. She explained to the nice young officer that she was not in the habit of speeding , sadly he was only interested in what she had been doing that day. Madeline was dedicated to her work and her communities. She was very supportive to her staff. Madeline has had an important impact on my life. Thankyou Madeline. Gwen Powell*
