“ *Myra was a cherished family friend. The stories were endless whether they were about life and those in and around Cayley, the countless ones of Cheryl and I growing up together or the adventures of her and Gordon.*

Between Myra and Gordon, I will miss my history lessons about who was who and how they were connected to who. A strong-willed woman, who I admired for not only recreating but succeeding at a new life in Calgary, on her own, highlighted by a career with Meals on Wheels. Then along came Gordon, ironically another home grown Cayleyite, and how wonderful that they got to share 20+ wonderful years together. She loved to dance and before becoming ill, didn't mind being in the spotlight once in a while and was up for to get involved in most anything. To Myra's family, may your fond memories warm your heart and bring a smile to your face. It has been special for me to have been able to share this last part of her journey in a small way, rest well Myra and I hope that you got to finally enjoy that rye and coke. Sending my love and strength, Cathy

“ *Cheryl, Bill, Glen and Wendy and families we are so saddened by the loss of your sweet, loving, and caring Mom, Grandma and GG. We have so many terrific memories of times spent together with our families. Our mom's would get together and have lots of laughs and there may have been the odd happy hour, but their families were the most important. Cherish your memories and hold them close as they will help you through the tough days ahead. Myra will be missed by everyone who knew her.
Love and Hugs to you all.

“ Myra & I met in grade one at Cayley school, have remained good friends all these years.....She was so fun & thoughtful with me plus so many others. We didn't see each other much during her first marriage as we were both busy with work, kids etc. When she married Gord, we were able to send many times visiting, playing cards, meals etc especially in Arizona.....rest in peace dear friend, see u on the other side one day.

Dear Cheryl, Glenn and Yvonne,
I was heart broken to get your call of dear Myra's death although I have known of her suffering.
We met in Calgary our first day going to Business School and had been dear friends ever since.
I was from B.C. along way from my home and she had me visit her home in Cayley and later we lived together. We had so many happy, crazy times together and since I received Cheryl's call I've had many tears.
Will miss you my dear but you have left a big spot in my heart.
