

Mr. Nigel E.C. Richardson

January 8, 1949 - March 5, 2012

It is with overwhelming sadness that we announce the passing of Nigel Edward Charles Richardson after a two and a half year battle with cancer at the age of 63 years. He is survived by his soul-mate and loving wife Nancy Liu Li and their two children Robert George (Bobby) age 7, born in Singapore and Li-Anne Doreen age 5, born in Vietnam.

Nigel was predeceased by his parents George and Doreen Richardson of Delia, Alberta, and a special brother in law Robert Snodgrass of High River.

Nigel leaves to mourn his passing, his eleven brothers and sisters Ann Millar of Toronto, Karen Snodgrass of High River, Rosalyn of High River, Brian of Delia, Marie (Glenn) Kelm of Leduc, Linda (Van) Reed of Ladysmith, Wendy (Dale) Smigelski of Stony Plain, Wade (Bonnie) of Hanna, Harley (Vicki) of High River, Bradley (Karen) of Hanna, and Valerie (Tyler) James of Drumheller, numerous nieces and nephews and friends all over the world.

Nigel was born on January 8, 1949 in Eckville, Alberta, Canada, the fifth of twelve children born to George and Doreen Richardson. He attended school in Delia and Drumheller and furthered his education when he and Nancy graduated together with their MBA's from the University of Southern Cross University, Australia. He had a thirst for knowledge that he inherited from his Mother and a zest for life that he inherited from his Dad. His remarkable

adventures and subsequent stories were always entertaining and never needed any embellishment.

Nigel's oilfield career spanned over 40 years and took him all over the world. Over the past thirty plus years, he worked for Atwood Oceanics, a Houston, Texas based offshore drilling company. The past two years were spent in Houston where he was able to continue working as a Senior Operations Manager at Atwood's head office while he underwent treatment for cancer.

Family was extremely important to Nigel and it was a great comfort to him that so many of his siblings were able to spend the last few days of his life with him. He was generous to a fault. Nigel had a wonderful sense of humor that was with him to the end. Nigel loved restoring old cars and the faster they went, the better.

Of all the places that Nigel had lived in the world, Alberta was where he wanted to raise his children. He took enormous pride in the acreage he and Nancy developed but unfortunately was unable to fulfill his dream.

Nigel felt that his life was complete when his children were born as they were the light of his life. Nigel was very humble about his achievements in the oil industry but he believed without question, that his children were his two greatest accomplishments in life.

The family would like to express a sincere thank you to all of the current and past staff and senior management at Atwood Oceanics of Houston, Texas for their support and friendship that was shared with Nigel over the past 30 plus years that he was employed with them. Also a special thank you to those people near and far who sent their prayers and thoughts during the family's difficult time. And no words could express how much the family appreciates those people who were willing to donate their blood products to save Nigel's

life.

In lieu of flowers, please make donations to the charity of your choice. A Celebration of Nigel's Life was held on Friday, March 16th at 2:00 p.m. at the High River United Church. Arrangements in care of Lyle Reeves Funerals (Craig Snodgrass) - High River, Alberta.

=== My name is David Pooke originally from Holden Ab . Met Nigel at Delia in 1967. We worked repairing Grain Elevators for a few years and became such good friends that I named my only son after him . Those were great old days and I am so sad to know of his passing . My sincere condolences go out to Nigel,s family and he was always and will forever be remembered as my awesome friend .===

“ A visit with Nigel never went without his sharing a story that started "So, did I ever tell you about the time.....". Everyone in ear shot would stop what they were doing and listen to a story that could never be as funny when told by someone else. Even watching him relive some sort of crazy prank from his childhood was enjoyable because his smile didn't stop at his mouth, it lit his whole face up. Especially when he saw the shock and disbelief on yours!! My heart goes out to the whole Richardson and extended family today. Nancy, Bobby and Leanne especially to to the three of you, I'm so very sorry for your loss.

“ I was very saddened to hear of the passing of Nigel.

I enjoyed looking at all the great photos, current and old, which brought back many memories of being the next door neighbour in Delia. Even if he was mischevious and full of tricks as a kid, I still had a soft spot for him.

I had a nice visit with Nigel at the Alberta Centennial Celebration in Delia in 2005. It was so good to see him again and reminisce.

Our sincere condolences to the entire Richardson families.

“Where ever I worked in the world there was always someone that knew Nigel. I was in Oman when a directional driller mentioned that he had worked in India so I mentioned Nigel’s name. Eight hours later the guy was still going on about Nigel. You couldn’t work on an offshore rig over in the South China Sea without bumping into an Indian that had worked for Nigel. They all said something in common – mainly how Nigel gave them a start in life and furthered their careers. One thing that Nigel did that separated him from other country managers is that he always invited his rig hands to his house for a party after their tour offshore. That was unheard off but Nigel always broke the mold.

Nigel even made Time and Newsweek back in 1976 but that is a story better left untold. He was a person that had real adventures in life and he recounted many to me:

-the time he stayed in Rhodesia at a shot up hotel and then when he flew out the plane had to fly down a valley because rebels were shooting at the plane.

-about the time he and Nancy visited the Great China Wall and Nigel bought up the whole town’s liquor supply and then invited everyone in town to the party. He said things started winding down about sunup.

I remember flying to Singapore to have dinner and wine with Nancy and Nigel. What a great evening as we later sat in a café and talked and laughed and drank beer until the city closed down for the night And later on flying over to Vietnam to have a few beers with Nigel one New year’s Eve. Perhaps I had a few to many because after Nigel went back home I decided to go for a massage and the next morning I had to retrieve my underwear, one sock and both shoes from the Happy Feel Good Massage Parlour.

But I think what expresses Nigel the most was himself. I am so glad that I had the chance to telephone him and say goodbye. And in

typical Nigel fashion he was the one who comforted me when my voice broke.

God bless you Nigel. Me and Bones will be talking about you forever.

“ My sincerest condolences on the passing of Nigel. I have had the pleasure of being Nigel's Canadian accountant for many years. Although we had limited communication over the years I always looked forward to that annual e-mail informing me of where he was in the world. He always had something witty and cheerful to say and it made me smile. Cherish the memories; Nigel will always be with us.

We had a lot of misadventures together and I hope his kids are lucky enough to have as good a friend as their father was to me. Our mothers each blamed the others kid for troubles we befall but in later years they both came to respect us. Doreen once asked me If I ever thought Nigel would be so successful and I answered I never doubted it for a minute. He was always very clever and full of enthusiasm. Nigel was always very generous and I appreciated the use of his motorhome for my political adventure. I will miss and remember him always. God Bless.

“ I only had the pleasure of knowing and working with Nigel for a little over a year, but I feel very lucky to have had this opportunity. Nigel was one of the most competent and savvy operations men I have worked with in my 35 years in the oil industry. He was a man of integrity, and was a terrific leader and mentor who was highly respected by his colleagues at Atwood Oceanics. I have heard so many stories of how Nigel advanced many careers and helped so many people over the years. Nigel definately made his mark on our company, our industry, and on so many people world-wide. He was a special man, and like so many others, I will truly miss him. May God bless Nancy and the kids.

We did not get to know Nigel very long but we understand, even from the short time we spent with him, that he was one special person. He was dedicated to you Nancy and to his son and daughter, spending the small amount of time he had left with his lovely family. No doubt Nigel is with the Lord, his pain and suffering is behind him. We pray that you can fill part of the hole left in your hearts with the wisdom and love that Nigel provided to your family.

“ *I don't remember the first time I met Uncle Nigel because he knew me and my brother since we were born! He is my God Father and I always looked up to Uncle Nigel. I have many funny memories of him my dad and mom throughout my life and recently new memories with Nancy as well. I'm gonna celebrate his life with my family and have a few drinks to Nige. He was more like an uncle to me than most real uncles are. Love him with all my heart and know he will always be watching his loved ones. See you in Heaven.*

“ I will Always remember that when ever I saw you, you would give me a big, genuine hug. My favorite memory was When I was 10 or so, you gave me my 1st real leather jacket from India (I still have it) and I thought it was the coolest thing EVER! Thought I was a rock star, I wore that ALL the time and I was so proud, my uncle Nigel gave it to me! Thank-you.. for so much! You will be missed! XOXO.

My deepest condolence to all of Nigels family. Although I did not know Nigel, as well as some, he was always talked about in high regard. He was a "Folk Hero" of our time, and we all could have only wished to have lived as exciting & full life as his. His welcome grin, was a trademark, of all who met him. As I look through the photos that have been posted, I get a sense of what a salt of the earth person he was, with his wife & kids, brothers & sister's, & work associates. Nigel will always remebered for his sense of adventure, and taking the risk's we all dreamed about. He left the world of his family, & all who knew him, a better place. His generosity, & all around great character, will always be remembered.

Its hard to put into words the feelings that I feel upon hearing of Nigel's passing. Nigel was the friend that was always there for everyone, regardless of the circumstance. He never judged, he was just your friend. Loyal, full of laughter and fun, and a joy of life like no one I've ever known. Smart, witty, generous, you name all the good characteristics you want in a person, Nigel had them. I saw the spark and the change after he married Nancy and the kids were born. He was never more happier. He was so proud.

I share the grief with all the Family, some of whom I met, Bones, Harley, Rose, and some of whom I just heard loving stories about from Nigel. Nancy and his kids, and his family, were everything to Nigel. I will miss him and familiar laugh. Nigel always took the glass to be half full, never half empty.

*Rest in Peace my Friend
