“ My sincere condolences and heartfelt sympathies to the entire Garner Family.

I would like to share some of my wonderful memories of Pearl and Laurie. We go back a long way to 1960 when I needed a place to live and they made a spare bedroom available. Times were tough and money was hard to come by. They both worked vey hard to support the family, which was the most important to both of them. I knew that I was lucky to have found them. They became like my second Mom and Dad. Lorraine, Ray and Elaine became my second set of siblings. We spent a lot of time watching Front Page Challenge and anything else that was on CBC. Randy was born around this time. I got married to Jack in 1962 and we lived about 3 blocks away so we were still able to stay in touch. Darren was born then, and I had another little sibling. We got to babysit them and spend time getting to know them both when Pearl and Laurie were both working.

Pearl and Laurie decided to try their luck at farming and bought a farm near Chipman. We have many great memories of the farm. Snowmobiling was the winter sport. We would zip across the fields and follow the creeks. Of course we got stuck a lot of times. Jack and I would get stuck but Pearl and Laurie's machine had reverse so he could just back out of every situation. It was always so much fun. We would head back to the house to have popcorn and hot chocolate. The kids, Pearl and Laurie's and ours, were busy watching the Beachcombers on TV. In the summer we would help with the chores, feeding the chickens and turkeys and hauling water for them as well. It was always a riot trying to get the turkeys in their pen at night. They wanted to be anywhere else but in the pen. We spent as lot of time laughing about this.

Their next move was to purchase a service station in St. Walburg, Sk. It was much further for us to travel but we managed to get out to visit them a few times. The service station kept them very busy. After Laurie passed we lost touch with Pearl but she was always in

our thoughts. We were very honoured to have been invited by the family to join them for Pearl's 90th Birthday Party in Calgary. It was so good to see her again and spend some time visiting with her and the rest of the family. I want to thank he family again, for inviting us.

Pearl will forever be in our hearts because she was a very special lady. She was tough as nails but had a very soft heart. She always had a smile on her face. She was One of a Kind and we are so glad that we had her in our lives.

“ *My Grandma was a tough lady who endured many ups & downs. I have some great memories when I was a kid of helping her fill the pop machine & load up the chip racks of her quaint corner store. Fun sleepovers with games of Yahtzee & treats. And my first memorable trip to Hawaii was with my Mom, Grandma & Uncle Darren. Hope she is enjoying the beaches & palm trees permanently now ❤️ Love Cara*

“ *She loved watching her John Wayne movies. Always made her day if they were showing a John Wayne movie on the weekend :-)*

And then there was Judge Judy and her live cop shows. She needed to know what time it was so she could watch her shows. Her handy dandy button that told her what time it was made it so she never missed her shows. Good memories. :-)

And she would read a book a day. Do you remember the books she read?

Family was always first and foremost to Grandma. She always had time and a smile for us all.

She will be dearly missed.

Grandma seemed to have a golden horseshoe stashed somewhere when we played yahtzee. She would always get so surprised when she got more than one.....lol. Grandma never made us eat anything we didn't like and would allow us to get a snack and a pop just before bed from the store. Once in awhile she would let us sit up front with her so we could visit throughout the day.

In 2006 I found the old farm by Lamont and sat in the yard remembering all the fun we had....helping in the garden, sneaking peas and raspberries when they were ready, snowmobiling on the creek behind Grandma and Grandpa's, riding on the tractor in the fields and supper at their house. The owner at that time was really great about letting me sit and reminisce about all the good times the family had out there.

We love you very much Grandma and will miss you dearly. You will never be forgotten.

*Yours always
Pet aka Laureen*
