“ The true measure of a man can be found in his children. I only spoke to Todd a few times over our kids' sports careers and always enjoyed the visit. I have however crossed paths with his kids a lot over the years and I can tell you... they were raised right. I'm certain their determination, compassion and overall great attitude towards life is a Testament to their upbringing.

“A father is the man who can change a world he will not be part of by building the tiny human that is part of him.”

Our Sincerest Condolences,
The Dijkstra Family
