“ I worked with Trina for many years. She was the kindest, sweetest and most hard-working woman I ever knew. In fact, she inspired me to become an OR nurse. Im so sad to hear of her passing and tragic end. I will never forget her flowing blonde hair and beautiful smell as she walked down the hall. RIP Trina!! A beautiful and kind soul. You will never be forgotten. 💕💕💕💕

“ I have just now learned of Trina’s passing . I have had her on my mind and was worried when I hadn’t had any return messages from her . My condolences to her loved ones - friends and family. I went to nursing school with Trina and we were roommates in Delta at that timeme Trina and our combined family of our cats and dogs and even my bird! We had a lot of fun times together during our training- she helped me pass more than one exam! Trina made me beautiful embroideries for my wedding and many mixed country music tapes! We shared so much and often stayed up til all hours talking ! I will cherish those years together - and all the memories we shared!
Rest In Peace my dear friend xo

“ *My thoughts are with Trina today... as I remember the life of a remarkable woman, mother and friend.*

I was blessed to work night shifts with Trina and shared many hours with her... be it pouring over the latest Halloween makeup /costumes she was going to create for the girls - as well as admiring in awe what she had already created and listening to many stories of her short, but vibrant life. She was a well respected, efficient and capable nurse and friend that brought so much color to our world. She was an inspiration to me, and was always there to support my journey through nursing and being a single parent.

My thoughts also go out to her daughters. I was lucky enough to witness first hand the love Trina had for her beautiful, spirited, young girls. She was so proud of them and thought of them just as much as friends as you were her daughters. Don't ever forget that - I believe she left this world knowing how strong, and amazing you two are; and without any doubts in her mind that you will go onto to do great things in this world.

Trina is loved and will be deeply missed forever.

May you finally be at rest Trina.... I will set a plate for you at my table....

“ My deepest condolences to Darlene and Wally, her children Talisha and Taya, and her sisters Tara, Tennessa and Trista.

I knew Trina growing up, we went to school together. I remember her as a very intelligent, talented and pretty person. From the sounds some memorials here she carried that same attention to detail into her adult life.

Rest in peace Trina...you may no longer walk among us, but you will forever live in the hearts and thoughts of those people you touched.

Didn't you take her for all of her inheritance that should've gone to her children? You are a horrible person and karma will get you.
