“ To My Dear Friend Trysten,

*I cannot express how shocked I am to hear your gone. All I can feel is extreme sadness and heartache. You were my best friend, you were so close to me, and you were like family.*

*We shared so many good times together, camping, hanging out, making dinners, listening to our favourite songs. You were always there for the special moments. You were such an amazing person with such a huge loving heart. You always made me happy, made me laugh, and I'm sure we've cried years of happiness/laughter. I am so happy and thankful to have known you and had you as my best friend, you taught me things and lessons for life. You were always there for me, through good and bad! Thank you for being in my life, for sharing your brilliance with me, for all the great memories we have. You will always be missed, and will forever have a special place in my heart. I am so sad you have left, my prayers are with you. May God be with you my dearest friend. I love you so much! You will always be with me!! May you rest in peace  
Trysten xoxoxox*

*I share my deepest condolences to Trystens Family. My thoughts and prayers are with you through this hard time. I am so terribly sorry. Trysten was an brilliant beautiful person. I am blessed to have known him.*

*I have been sitting here for the last 2 hours thinking about what I could put about Trysten that would summarize just how special he truly was....he was amazing in every way...always had a smile for everyone, and he could brighten up any ones day with no trouble at all....full of life and full of attitude haha, that's one of the things i loved most about him...he said and did what he wanted and he didn't care what anyone thought...he was always so good with McKayla and Isaiah and I know that they will miss him too....they will always know who he was and that he loved them more than anything, he was one of the few men who could actually hold McKayla, but I think its because she could sense how great of a person he was and how much he really did love her. We miss you and love you soo much Trysten but I know you will be here always watching and waiting until we are ready to go to you, I know he will watch over my kids and protect them from any harm. I will make sure they always remember him. Every special moment in our lives from here on, he will be there, apart of it, always.*
