“ I'm sorry to hear of Bill's death. Although I haven't seen him in the past few years, whenever I did, he was always so kind. Growing up in High River gave us a connection that many don't understand. For Bill's family, I hope the memories of his unique personality will sustain you in the days to come. Bill was a good guy.

“ Bill was a marvel; he was very funny, very bright, and very unique. From grade 6 to grade 12 he participated and served in many facets of our school and community life. From sports to class plays, to 'Teen Town' to teacher's surprise birthdays, he was there. We reconnected in recent years via our Class of 1966 reunion. He still had his dry wit, his wide array of talents, from designing crossword puzzles to building houses. He also still had his kind and gentle spirit, and a dedication to his friends and family.

My memories of Bill will last a lifetime and it was a pleasure to know him.

Thinking of Elaine and family with much sympathy for the loss of Bill.

“ *I met Bill in Miss Dinkle's grade 6 class. We were graduating Class 1966 from High River High School. It was this class that reconnected me with Bill at our reunions many years later and for this I will always be thankful. It was such fun getting to know Bill at this stage of our lives. I learned of his sense of humour, his compassion for people especially for those in need, his bright mind, and his love for his family. It took some persuasion to "drag" Bill to the reunions but after his first attendance, he was a staunch supporter and worked hard to encourage other classmates to attend as well. Friends were important!!..*

My thoughts are with Elaine and your families at this difficult time.
